DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-2, 4-5, 7 and 10 are rejected under 35 U.S.C. 102(b) as being anticipated by Jirousek et al (US# 4317498).

Jirousek et al disclose all the limitations of the instant claims including; an axially extending first portion, a radially extending second portion, and an axially extending third portion, the first portion extending being radially located outside the third portion and joined thereto by the second portion, which has an orthogonal relationship to the first portion and the third portion, the first portion having an internal radially inner surface for providing attachment for disks (note the claim has been amended to recite "for" providing attachment) in the multiple disk brake, the third portion having a radially inner surface provided with teeth and forming a ring gear configured to form part of a planetary gear transmission, the third portion having at least one bearing member receiving race formed therein.

Allowable Subject Matter

Claim 6 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
